Conceived by Robert Lopez and Jeff Marx, Avenue Q features characters who lament that as children, they were assured by their parents, and by children’s television programs such as PBS’s Sesame Street, that they were "special" and "could do anything"; but as adults, they have discovered to their surprise and dismay that in the real world their options are limited, and they are no more "special" than anyone else. The musical is notable for the use of puppets, animated by unconcealed puppeteers, alongside human actors.
