

ALBERT DORMAN HONORS COLLEGE

NEW JERSEY INSTITUTE OF TECHNOLOGY

PRESIDENT'S FORUM and FACULTY RESEARCH SHOWCASE

Tuesday, March 28, 2017
Campus Center Ballrooms A and B

Keynote speaker Dr. Jim Gallarda is a Senior Program Officer with the Bill & Melinda Gates Foundation in Seattle, WA. He has over 25 years of industry experience in development of commercial infectious disease and oncology-related companion diagnostics. During his tenure as Abbott Laboratories and Roche Molecular Diagnostics, he oversaw multiple teams developing immunodiagnostic and PCR systems for HIV-1, HIV-2, HCV, HBV and West Nile Virus. He now serves as a diagnostic lead for the Foundation's efforts in tuberculosis, and has oversight for investments in next generation sequencing and other molecular applications in global health.
